Thermoform Décor Options

Thermoform doors and drawers offer high-quality, seamless edges and a durable surface finish that resists chipping and scratching. Select from a variety of popular profiles and décors to enhance your design, with matching melamine décor available and a **15 working day dispatch time**.

Thermoform Profile Options

Milan
Edge Profile R3

Ronda
Shaker Style

Please note: To ensure exact matching colour and texture to end panels, to match the colour of the door designs, it is essential to order your panels as Thermo-Formed Panels.

Some Thermo-Formed colours are available with a Matching Melamine Panel. This allows for a substantial cost saving however very important to know the colour is not a 100% match and the surface is a different texture as Melamine is a different product to the Vinyl.

Therefore will always show as a different colour to the naked eye.

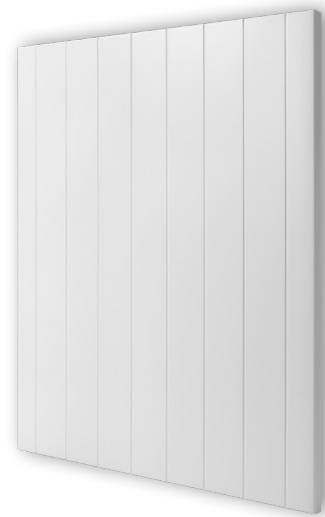

Thermoform Profile Options

Thermoform doors and drawers feature a range of designs, including more intricate shapes that satisfy a need for design differentiation.

the Diamond Range

Lacquered surfaces that feature two-faced panels with a variety of unique finishes, from Anti-Fingerprint to Mirror Gloss. Now available from Amorini to enhance your designs and customer solutions. Available with a 10 working day dispatch.

the Diamond Range

Crafted from premium MDF, panels undergo a meticulous manufacturing process that involves multiple layers of lacquer cured by Ultra-Violet drying, ensuring exceptional durability and quality. Available with a 10 working day dispatch.

Noir embodies power, strength and elegance, making it a compelling choice in an anti-fingerprint finish for cabinetry design.

Gris Nube – supermatt, is a serene and neutral shade that strikes a perfect balance between light and dark grey, embodying practicality and elegance while promoting a sense of wellbeing.

Whereas, Antracita, a deep shade in the grey palette with an anti-fingerprint, providing a neutral backdrop that seamlessly complements wood elements and light monochromatic designs.

ANTRACITA
cosmopolitan and versatile

Blanco Polar Zenit – supermatt, boost any interior design project, creating spacious environments that can be combined with any other design.

Grass Movement

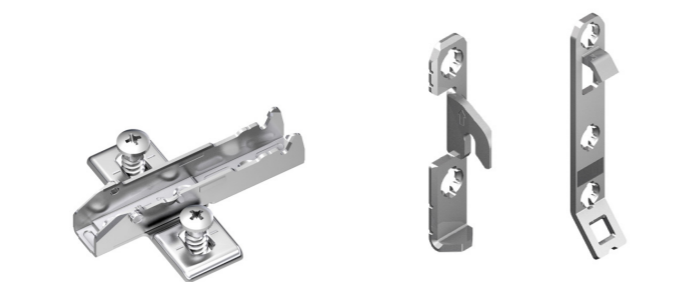

Nova Pro / Scala drawers feature a luxury, smooth-running opening and closing action with the latest in soft closing technology.

Tiomos Hinge system - One of the outstanding characteristics of the hinge system is the soft-close damper, which features stepwise adjustment and is fully concealed within the hinge arm.

The complex inner workings of this high-tech hinge are hidden from view, much like a Swiss clock movement, and are sure to impress with their unique damping characteristics.

Grass hardware comes with 25 years of warranty.
